Ahmed Fateh

CV

Home: Taiz, Yemen
Address: Futian, Shenzhen, Guangdong, China
✉ *Eng.ahmed.a.d@outlook.com*

- Born on 1st January 1988.
- Yemeni Citizen.

Research Interests

Neuroimaging and Psychiatric Disorders, Machine Learning and AI in Psychiatry, Brain Connectivity and Mental Health, Longitudinal Studies in Mental Health, Computational Psychiatry

Education

2016–2021 **PhD Degree in Biomedical Engineering (ML, Medical Image processing)-University of Electronic Science and Technology of China**, *China*.
Thesis Title: Disrupted Static and Dynamic Functional Connectivity for Differential Diagnosis of Major Depressive Disorder and Bipolar Disorder

2014–2016 **M.Sc. Biomedical Engineering, University of Electronic Science and Technology of China**, *China*.
Thesis Title: Morphometric analysis and functional connectivity in Major Depressive Disorder

2008–2012 **B.Sc. Biomedical Engineering, Lebanese International University**, *Yemen*.

Teaching Profession

2012–2013 **Lebanese International University, Sana'a**, *Yemen*.

Professional Experience

01.2022–01.2025 **Research Fellow**, *Department of Radiology, Shenzhen Children's Hospital*, Guangdong, Shenzhen. China

Research Direction: Machine learning, deep learning, and MRI/fMRI-based disease detection, classification, and analysis.

05.2025–present **Postdoctoral Researcher**, *Department of Biomedical Engineering, Hainan University*, Hainan, Sanya. China

Research Direction: Brain imaging, non-human models, MRI, and DTI.

Languages

Arabic Native Speaker

English Official language and Medium of Instruction throughout the Eduction

Work Experience

2013-2014 **Biomedical Engineering, Med Al-Shehary for Medical supplies**, *Yemen*.

Honors and Awards

- Awarded Yemeni government-sponsored scholarship to pursue Ph.D. in China as a visiting scholar.
- Chinese government scholarship (CSC) for Ph.D. at the University of Electronic Science and Technology of China (UESTC).
- UESTC Excellent Performance Award for academic achievements in master degree.
- UESTC Excellent Performance Award for academic achievements in PhD.
- UESTC Excellent Performance Award for active participation into all kind of school activities.
- The International students' Country League Representatives in UESTC.

Relevant Skills

- **Programming Language Skills:** Matlab, Python.
- **Computer Skills**: Microsoft Office, Visual Studio and Adobe Photoshop.
- Extensive knowledge of statistical programs such as SPSS, GraphPad, DPABI and SPM.
- Exceptional communication and teamwork skills.
- Excellent presentation skills.
